Answer: B

NEW QUESTION: 2

A. Option C

B. Option B
C. Option D
D. Option A
Answer: B
Explanation:
The primary long-term goal of executing on a business roadmap is to realize business value. It is important to differentiate between business value and technology value.
Technology value can be associated with the value that certain individuals get from it, or technology value can be factored into the overall business value as a financial factor.

Answer:
Explanation:

Explanation

Branch lifetime: Short-lived
Branch type: Feature
Feature branches are used when developing a new feature or enhancement which has the potential of a development lifespan longer than a single deployment. When starting development, the deployment in which this feature will be released may not be known. No matter when the feature branch will be finished, it will always be merged back into the master branch.
