After you received our SCMA-CD exam pdf, you just need to take one or two days to practice our SCMA-CD valid dumps and remember the test answers in accordance with SCMA-CD exam questions.

Secondly, the quality of our SCMA-CD study guide is high, In order to sincerely express our gratitude to our customers who have established a cooperation relationship with us for a long time, [Cardiology](#) we offer different discounts to you for Cardiology useful pdf files in some big holidays.

We are dominant for the efficiency and accuracy of our SCMA-CD actual exam, If a company fails to ensure the quality of their products, they are bound to close down.

You won't face any trouble while using our dumps and you will be able to clear Cardiology SCMA-CD test on the first attempt, To our exam candidates, SCMA-CD exam study material is the right material for you to practice.

SCMA-CD latest pdf vce provides you the simplest way to clear exam with little cost, For the client the time is limited and very important and our product satisfies the client's needs to download and use our SCMA-CD practice engine immediately.

High efficiency.

**NEW QUESTION: 1**

Which names are reserved when custom roles are created in Cisco UCS Manager RBAC?

- A. cisco, cisco123, cisco-operator, cisco-admin, and root
- B. network-admin, network-operator, vdc-admin, vdc-operator, and server-admin
- C. ucs, ucs123, server-admin, server-operator, and sysroot
- D. ucs-admin, ucs-operator, server-admin, server-operator, and cisco-admin

**Answer: B**

**NEW QUESTION: 2**

Sie haben ein Azure-Abonnement mit dem Namen Subscription1.has Subscription1 enthält die virtuellen Maschinen in der folgenden Tabelle.

Subscription1 enthält die virtuellen Maschinen in der folgenden Tabelle.

VM3 verfügt über mehrere Netzwerke, einschließlich eines Netzwerkadapters mit dem Namen NIC3. Die IP-Weiterleitung ist auf NIC3 aktiviert.

Das Routing ist auf VM3 aktiviert.

Sie erstellen eine Routentabelle mit dem Namen RT1, die die Routen in der folgenden Tabelle enthält.

Sie wenden RT1 auf Subnetz1 und Subnetz2 an.

Wählen Sie für jede der folgenden Aussagen Ja aus, wenn die Aussagen wahr sind. Andernfalls wählen Sie Nein.

HINWEIS: Jede richtige Auswahl ist einen Punkt wert.

**Answer:**

Explanation:

IP forwarding enables the virtual machine a network interface is attached to:

Receive network traffic not destined for one of the IP addresses assigned to any of the IP configurations assigned to the network interface.

Send network traffic with a different source IP address than the one assigned to one of a network interface's IP configurations.

The setting must be enabled for every network interface that is attached to the virtual machine that receives traffic that the virtual machine needs to forward. A virtual machine can forward traffic whether it has multiple network interfaces or a single network interface attached to it.

Box 1: Yes

The routing table allows connections from VM3 to VM1 and VM2. And as IP forwarding is enabled on VM3, VM3 can connect to VM1.

Box 2: No

VM3, which has IP forwarding, must be turned on, in order for VM2 to connect to VM1.

Box 3: Yes

The routing table allows connections from VM1 and VM2 to VM3. IP forwarding on VM3 allows VM1 to connect to VM2 via VM3.
