NEW QUESTION: 3You are a licensing specialist. Your customer is

Graphic Design Institute, a company that provides graphic design services for small businesses. Company Background Graphic Design Institute has 60 employees. The company expects the number of employees to increase by 10 percent each year for the next five years. The company has the following departments: Sales Design Human resources (HR) Accounting Hardware and software have been added as needed by employees with no oversight or control. The company recently hired an IT manager and asked her to evaluate the current environment and to propose a plan to support the companys expected growth. Network Description The company has three servers. Each runs Microsoft Windows NT Server 4.0, and one also runs Microsoft Exchange Server. The company has 60 desktops, of which the following groups have software configurations as described in the following table. Current Licensing Solution The purchase records for the current software are incomplete. The IT manager has no way to prove ownership of the Office software that is currently being used. Business Goals The president of the company wants to control IT costs. However, he also wants to stay current with the latest software versions. The IT manager does not have staff, so she needs to leverage all the resources she can. The IT manager has the following goals: Replace the three existing servers with a single server running Microsoft Small Business Server 2003. Replace the 21 desktops in group Y. Standardize the remaining desktops, except those in group Z, to Windows XP Professional and Office 2003 Professional. End of repeated scenario The IT manager purchases 21 replacement desktops with OEM Windows XP Professional and Office 2003 Professional installed. You need to recommend the most appropriate licensing solution for all the desktops. What should you recommend? **A.** Acquire only Software Assurance for the 20 desktops in group W, which are currently licensed for Windows XP Professional. Acquire licenses and Software Assurance for Windows XP Professional for any remaining desktops. Acquire license and Software Assurance for Office 2003 Professional for all desktops. **B.** Acquire licenses and Software Assurance for the Windows XP Professional upgrade and Office 2003 Professional for the 35 desktops in groups W

and X. Acquire only Software Assurance for the 21 new desktops.
C. Acquire licenses and Software Assurance for Office 2003 Professional and the Windows XP Professional upgrade for the 56 desktops in groups W, X, and Y.
D. Acquire licenses and Software Assurance for Office 2003 Professional for the 56 desktops in groups W, X, and Y. Acquire only Software Assurance for the Windows XP Professional upgrade for these 56 desktops.
Answer: B

NEW QUESTION: 4 Which of the following is one of the PRIMARY objectives of Service Strategy?
A. To underscore the importance of services in the global economy
B. To provide detailed specifications for the design of IT services
C. To transform Service Management into a strategic asset
D. To design and build processes that will meet business needs
Answer: C
