String out of limits
Array out of limits

Answer: B

NEW QUESTION: 4

You are implementing Dynamics 365 Finance instances for two companies.

One company requires direct access to the application database. The other company must always use the most up to date versions and features of Dynamics 365 Finance.

You need to recommend a deployment type for each instance. What should you recommend? To answer, drag the appropriate deployment types to the correct requirements.

Each deployment type may be used once, more than once, or not at all. You may need to drag the split bar between panes or scroll to view content.

Answer :
