With the Soaj of HP HPE0-V14 exam materials, I believe that your tomorrow will be better, And our online test engine and the windows software of the HPE0-V14 guide materials are designed more carefully.

NEW QUESTION: 1Users on the 172.17.22.0 network cannot reach the server located on the 172.31.5.0 network. The network administrator connected to router Coffee via the console port, issued the show ip route command, and was able to ping the server. Based on the output of the show ip route command and the topology shown in the graphic, what is the cause of the failure?**A.** The routing table on Coffee has not updated **.B.** The network has not fully converged.**C.** The FastEthernet interface on Coffee is disabled.**D.** The neighbor relationship table is not correctly updated.**E.** A static route is configured incorrectly.**F.** IP routing is not enabled.**Answer: E**

NEW QUESTION: 2Note: This question is part of a series of questions that present the same scenario. Each question in the series contains a unique solution that might meet the stated goals. Some question sets might have more than one correct solution, while others might not have a correct solution. After you answer a question in this section, you will NOT be able to return to it. As a result, these questions will not appear in the review screen. You have an Azure Storage v2 account named Storage1. You plan to archive data to Storage1. You need to ensure that the archived data cannot be deleted for five years. The solution must prevent administrators from deleting the data. Solution: You create a file share, and you configure an access policy. Does this meet the goal?**A.** No**B.** Yes**Answer: A**
Explanation: Explanation Instead of a file share, an immutable

Blob storage is required. Time-based retention policy support: Users can set policies to store data for a specified interval. When a time-based retention policy is set, blobs can be created and read, but not modified or deleted. After the retention period has expired, blobs can be deleted but not overwritten. Note: Set retention policies and legal holds1. Create a new container or select an existing container to store the blobs that need to be kept in the immutable state. The container must be in a general-purpose v2 or Blob storage account.2. Select Access policy in the container settings. Then select Add policy under Immutable blob storage.3. To enable time-based retention, select Time-based retention from the drop-down menu.4. Enter the retention interval in days (acceptable values are 1 to 146000 days).References:
