Our study materials are different from common study materials, which can motivate you to concentrate on study, If the NS0-527 practice dump is coming and the time is tense, it is better to choose our NS0-527 vce dumps.

NEW QUESTION: 1 Which three modes are the operating of HDLC? (Choose three)
A. normal response mode (NRM) **B.** normal peer mode (NPM) **C.** asynchronous balanced mode (ABM) **D.** asynchronous response mode (ARM) **E.** asynchronous client mode (ACM) **Answer: A, C, D**
Explanation: Asynchronous response mode is an HDLC addition[1] for use over full-duplex links. While retaining the primary/secondary distinction, it allows the secondary to transmit at any time. Asynchronous balanced mode added the concept of a combined terminal which can act as both a primary and a secondary. There are some subtleties about this mode of operation; while many features of the protocol do not care whether they are in a command or response frame, some do, and the address field of a received frame must be examined to determine whether it contains a command (the address received is ours) or a response (the address received is that of the other terminal).

NEW QUESTION: 2 DRAG DROP You have an Exchange Server 2013 organization named contoso.com that contains several servers. The organization contains 3,000 mailboxes. You plan to deploy a hybrid coexistence solution and move 1,000 mailboxes to Exchange Online. You also plan to configure all mail exchanger (MX) records for contoso.com to point to Exchange Online and to enable centralized mail transport. You need to identify how mail will be routed. What should you identify? To answer, drag the appropriate mail route to the correct option. Each mail route

may be used once, more than once, or not at all. You may need to drag the split bar between panes or scroll to view content.

Answer: Explanation:

NEW QUESTION: 3You have created several custom contours for Drop Shadow effects.You want to save the custom contours as a set while maintaining the default contours.What should you do?
A. while editing contours in the Layer Style dialog box, choose Save Contours from the fly-out menu.**B.** from the Styles palette menu, choose Save Styles**C.** from the Layer palette menu, choose New Layer Set**D.** in the Preset Manager dialog box, select the contours and click on Save Set**Answer: D**
