NEW QUESTION: 1You need to create a group to organize customers that share similar sales commission attributes.Which group should you use?**A.** Customer groups for commissions**B.** Vendor group**C.** Customer group**D.** Commission group**Answer: D**

NEW QUESTION: 2Inadequate programming and coding practices introduce the risk of:**A.** brute force attacks.**B.** SYN flood.**C.** buffer overflow exploitation.**D.** phishing.**Answer: C****Explanation:** Explanation/Reference:Explanation:Buffer overflow exploitation may occur when programs do not check the length of the data that are input into a program. An attacker can send data that exceed the length of a buffer and override part of the program with malicious code. The countermeasure is proper programming and good coding practices.Phishing, SYN flood and brute force attacks happen independently of programming and coding practices.
